

University Hills – New and Updated Community Elements

The Story

The Irvine Campus Housing Authority Community Management team has been busy during the last fiscal year. Not only do they coordinate the maintenance of the physical elements of University Hills, they have been upgrading and adding elements within the community.

Here are a few images of the recently-completed work. Below, you will find the [University Hills Community Map](#) with the amenity locations noted.

#1 – The new rail fence along Gabrielino Drive *This durable concrete fence, embossed with wood grain, replaces the 12 year old wooden fence. It is expected to far outlive its wooden predecessor while providing a safety barrier to the multipurpose field below.*

#2 – The New Garden Park Entry Trellises *Did you know that Garden Park is one of 3 trailheads leading to the UCI Reserve from University Hills? See the link in “For Further Study” to find the main trails and trailheads on Google Maps.*

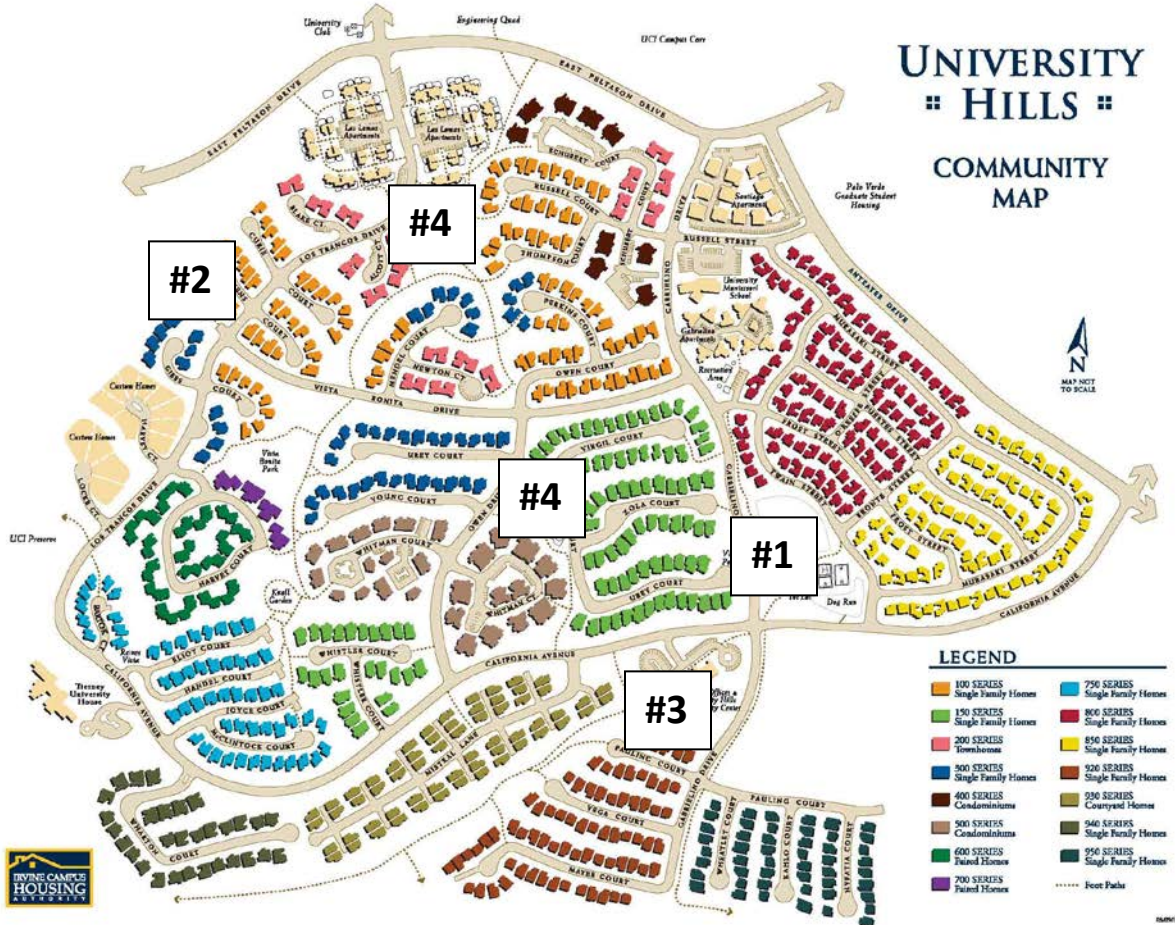

#3 – The New Bocce Ball Court *Come to the Community Center and play a game of Bocce with neighbors...we think you'll see why Bocce Ball has become all the rage across the country in 2013!*

#4 – The New Pool Furniture. *Made from recycled water bottles, the new lounges and chairs are surprisingly comfy! They are located at the Lower Pool and the Urey Pool.*
